Coffee Lectures
2020 – the 20th Series

Tuesday, Wednesday, Thursday, 13:00, HCl G2

ETHzürich

Thirsty for coffee?
Thirsty for knowledge?
Get both. For free.

Coffee Lectures

Tuesdays, Wednesdays and Thursdays
HCI G2 | 13:00 – 13:10 (10 minutes only)
www.infozentrum.ethz.ch

infozentrum
Chemie | Biologie | Pharmazie
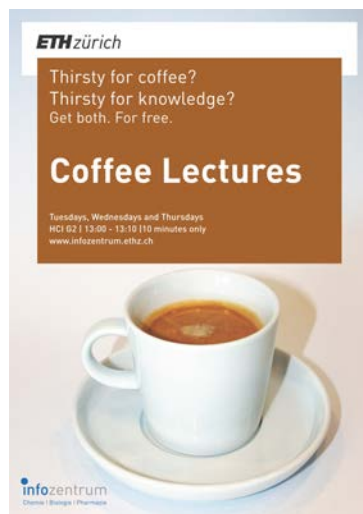

Tuesday, 10.3.2020
Google's hidden tools (No. 34)
Everyone is using Google. Google is, however, much more than Google or Google Scholar. Maybe you are aware of Google Translate or Google Trends. We are sure you have not heard of the many other hidden Google tools.
Presenter: Dr. Oliver Renn

Import Coffee Lectures directly into your calendar
www.infozentrum.ethz.ch

Wednesday, 11.3.2020
KnowItAll: A database with over 2 million spectra (No. 6)
You are searching for the IR spectrum of your compound? Would you like to identify your ^{1}H NMR spectrum using chemical shifts? Do you think your spectrum is a composite of multiple components?
Presenter: Dr. Leo Betschart

Thursday, 12.3.2020
LaTeX made simple with Overleaf (No. 68)
Overleaf is the most popular online LaTeX collaborative editor. It comes with a ready to go LaTeX environment and all you need to start writing is a web browser.
Presenter: Dr. Jozica Dolenc

Grow and complete your collection of Coffee Lecture Collector's Cards!

Tuesday, 17.3.2020
Rapid prediction of physicochemical and ADME properties with ACD/Percepta (No. 18)
Do you need to estimate the octanol-water partition coefficient and the pKa value of your molecule? Would you like to screen several compounds based on predicted ADME properties?
Presenter: Dr. Jozica Dolenc

Wednesday, 18.3.2020
Downloading PDFs of articles with reasonable naming (No. 5)
You are downloading articles from journals and have to deal with numerous PDFs with cryptic names on your desktop? There is a solution.
Presenter: Dr. Oliver Renn

Thursday, 19.3.2020
Preprints: Publishing prior to peer-review (No. 69)
Preprint servers such as bioRxiv and ChemRxiv allow you to cite your paper and to present your work to the scientific community – already before peer-review. We give you a quick rundown.
Presenter: Dr. Dennis Özcelik

Tuesday, 24.3.2020
EndNote: The most important functionalities (No. 10)
Reference management software can save a lot of time. With EndNote you can do much more than just inserting citations into your text.
Presenter: Dr. Jozica Dolenc

Wednesday, 25.3.2020
Drugbase (No. 21)
The platform Drugbase provides access to the databases Fiedler, Hager, Index Nominum and Handbook of Injectable Drugs. Are you aware of those pharmaceutical information resources?
Presenter: Dr. Leo Betschart

Thursday, 26.3.2020
Embase – Pubmed on steroids (No. 67)
Are you looking for information on pharmaceutical compounds, medical devices, pharmacovigilance, and other biomedical topics without success in PubMed?
Have you already tried Embase?
Presenter: Dr. Dennis Özcelik
